## **Church History:**

In February 2018, two churches in Peckville and Clarks, Pennsylvania pooled their resources and merged their congregations to purchase a new, accessible building between the two locations. God provided and led them to purchase and renovate the showroom of a former Gibbons-Ford dealership on Main Street in Dickson City. God was indeed “*doing a new thing!*” (Isa. 43:19) for the new church, in a new building, in a new community. Since then, they have been reaching out to their new neighbors with the truth, love, and power of Jesus.
