Letter from Pastor John Hardie

Dear Friend in Christ,

The Assistant Pastor for Family Ministries is a new position available the summer of 2026.

City Church is beautifully unique. Please look through our website (www.citychurchcc.com) and watch one of our services online before applying for this job. We want you to be comfortable and excited to join our community and not just work on our staff.

At this time our youth ministry is small, and almost entirely made up of boys.

What we do have are several active young families with children who are or soon will be entering middle school. Most of them have younger children, too. This call for an Assistant Pastor for Family Ministries was born out of a recognition that we need a cohesive family ministry that will, among other things, build up our ministry among, for, and with our youth.

Some of our parents teach at Annapolis Christian Academy. They are lovely people and have a lot of experience and wisdom to share. They will be an important and helpful resource for the person filling this position.

We truly thank you for looking at this opening and prayerfully considering whether the Lord may be calling you to join us at City Church, Corpus Christi.

The Lord bless you!

Pastor John Hardie
